86TH CONGRESS } HOUSE OF REPRESENTATIVES { REPORT
1st Session } { No. 1171

EXEMPTION OF CERTAIN BICYCLE TIRES AND TUBES FROM MANUFACTURERS EXCISE TAX

SEPTEMBER 8, 1959.—Committed to the Committee of the Whole House on the State of the Union and ordered to be printed

Mr. KEOGH, from the Committee on Ways and Means, submitted the following

REPORT

[To accompany H.R. 8318]

The Committee on Ways and Means, to whom was referred the bill (H.R. 8318) to amend the Internal Revenue Code of 1954 to exempt bicycle tires and tubes from the manufacturers excise tax on tires and tubes, having considered the same, report favorably thereon with amendments and recommend that the bill as amended do pass.

The amendments are as follows:

Strike out all after the enacting clause and insert:

That section 4221(e) of the Internal Revenue Code of 1954 (special rules relating to certain tax-free sales) is amended by adding at the end thereof the following new paragraph:

"(4) BICYCLE TIRES OR TUBES SOLD TO BICYCLE MANUFACTURER.—

"(A) IN GENERAL.—Under regulations prescribed by the Secretary or his delegate, no tax shall be imposed under section 4071 on the sale of a bicycle tire (or an inner tube for such a tire) by the manufacturer thereof if such tire or tube is sold for use by the purchaser as material in the manufacture or production of, or as a component part of, a bicycle (other than a rebuilt or reconditioned bicycle).

"(B) BICYCLE TIRE DEFINED.—As used in this paragraph the term 'bicycle tire' means a tire, composed of rubber in combination with fabric or other reinforcing element, which is not more than 28 inches in outer diameter and not more than 2¼ inches in cross section and which is primarily designed or adapted for use on bicycles.

"(C) PROOF.—Where a bicycle tire or tube has been sold free of tax under this paragraph, this paragraph shall cease to apply unless, within the 6-month period which begins on the date of the sale by him (or, if earlier, on the date of shipment by him), the manufacturer of such bicycle tire or tube receives proof that the tire or tube has been used in the manner described in subparagraph (A)."

SEC. 2. (a) Section 4218 of the Internal Revenue Code of 1954 (relating to use by manufacturer or importer considered sale) is amended—

(1) by striking out "subsection (b) or (c)" in subsection (a) and inserting in lieu thereof "subsection (b), (c), or (d)";

(2) by striking out "If any" in subsection (b) and inserting in lieu thereof "Except as provided in subsection (d), if any"; and

(3) by redesignating subsection (d) as subsection (e) and inserting after subsection (c) the following new subsection:

"(d) BICYCLE TIRES AND TUBES.—If any person manufactures, produces, or imports a bicycle tire (as defined in section 4221(e)(4)(B)) or an inner tube for such tire, and uses it (otherwise than as material in the manufacture or production of, or as a component part of, a bicycle, other than a rebuilt or reconditioned bicycle, to be manufactured or produced by him), then he shall be liable for tax under this chapter in the same manner as if such article were sold by him."

(b) Section 4223(b)(1) of such Code (relating to computation of tax in the case of further manufacture) is amended by striking out "section 4218(d)" and inserting in lieu thereof "section 4218(e)".

SEC. 3. (a) Paragraph (2)(E) of section 6416(b) of the Internal Revenue Code (relating to special cases in which tax payments are considered overpayments) is amended by striking out "subparagraph (A) or (B)" and inserting in lieu thereof "subparagraph (A), (B) or (E)".

(b) Paragraph (3) of such section 6416(b) is amended—

(1) by striking out "subparagraph (B), (C), or (D)" in subparagraph (A) and inserting in lieu thereof "subparagraph (B), (C), (D), or (E)"; and

(2) by striking out "or" at the end of subparagraph (C), by striking out the period at the end of subparagraph (D) and inserting in lieu thereof "; or", and by inserting after subparagraph (D) the following new subparagraph:

"(E) In the case of—

"(i) a bicycle tire (as defined in section 4221(e)(4)(B)), or

"(ii) an inner tube for such a tire, such article is used by the second manufacturer or producer as material in the manufacture or production of, or as a component part of, a bicylcle (other than a rebuilt or reconditioned bicycle)."

SEC. 4. The amendments made by this Act shall apply only with respect to bicycle tires and tubes sold by the manufacturer, producer, or importer thereof on or after the first day of the first month which begins more than 10 days after the date of the enactment of this Act.

Amend the title so as to read:

A bill to amend the Internal Revenue Code of 1954 to exempt bicycle tires and tubes used in the manufacture or production of new bicycles from the manufacturers excise tax on tires and tubes.

I. SUMMARY OF BILL

At the present time bicycle tires are subject to the 5-cents-a-pound manufacturers' tax on tires, and bicycle inner tubes are subject to the 9-cents-a-pound manufacturers' tax on inner tubes. This is true both of tires and tubes manufactured in the United States and those imported. These excise taxes do not apply, however, to tires and tubes already mounted on bicycles when the latter are imported into the United States.

The bill, as amended, exempts from the tire and inner tube taxes bicycle tires and tubes sold for use, or used, in the manufacture of new bicycles. The taxes will continue to apply, however, to tires and tubes sold, or used, as replacements.

The changes made by this bill are to be effective the first day of the first month beginning more than 10 days after the date of enactment of this bill.

II. GENERAL STATEMENT

Present law (sec. 4071) imposes a manufacturers' excise tax on bicycle tires of 5 cents a pound and a manufacturers' excise tax of 9 cents a pound on inner tubes. These taxes apply to sales of tires and tubes by the manufacturers, producers or importers. As a result all of these tires and tubes when sold as replacements for old tires and tubes are subject to tax. In addition, bicycle tires and tubes (whether manufactured here or imported) are subject to tax when sold in the United States to bicycle manufacturers or others for mounting on new bicycles. Similarily, they are subject to tax if the tire and tube manufacturer himself mounts a tire and tube on a bicycle, since such use is deemed to be a sale.

A problem has arisen, however, in the case of bicycle tires and tubes mounted on bicycles outside of the United States where the bicycles are then sold in the United States. In such cases no U.S. excise tax is paid on the bicycle tires and tubes. The effect of this is to discriminate against American producers of bicycles, since reflected in their costs, but not the costs of their foreign competitors, is the U.S. excise tax on the tires and tubes mounted on their bicycles.

The cost of this tax per bicycle (for two tires and tubes) on the average amounts to about 25 cents. While this may appear to be a small amount, it is understood that in most cases it represents about one-third of the manufacturer's profit on a bicycle. The significance of the competition where this problem exists is shown by the fact that the U.S. Tariff Commission has estimated that in 1958, out of 2,875,000 bicycles apparently sold for use in the United States, 768,000 were imports, or about 27 percent of the total

Another aspect of the problem is that industry surveys have shown that 90 percent of all bicycles sold in the United States are for use by children in the 5 to 12 age category. In the past, Congress has indicated that in general it did not desire to subject to excise tax articles primarily designed for children. Thus, for example, in the Revenue Act of 1951 the manufacturers tax on sporting goods was made inapplicable to various equipment of the size or kind predominantly used by children. In addition, in the same act, Congress removed the tax on solid rubber tires of small sizes and tires with internal wire fasteners which are used for such items as children's tricycles, scooters, coaster wagons, etc.

In view of these considerations your committee provided in this bill, as amended, for exemption from the tire and innertube taxes of bicycle tires and tubes sold for use in the manufacture, or production of new bicycles, or used by the tire and tube manufacturer for this purpose. This is accomplished through a series of amendments to the Internal Revenue Code to provisions dealing with tax-free sales, the use of taxable articles in further manufacture and with credits and refunds.

The changes made by this bill are to be effective the first day of the first month beginning more than 10 days after the date of enactment of this bill.

It is estimated that this bill will result in an annual revenue loss of slightly over $500,000 a year.

III. TECHNICAL EXPLANATION OF BILL

The first section of the bill deals with the situation where the manufacturer of the tire or tube and the manufacturer of the bicycle are separate and distinct persons. This section of the bill amends section 4221 of the code to provide that the tax imposed by section 4071 on tires and tubes shall not apply to any bicycle tire or tube which is sold by its manufacturer, producer, or importer to another person for use in the manufacture or production of, or as a component part of, a new bicycle, subject to the requirement that within 6 months the manufacturer of the tire or tube receive (and make available to the Secretary or his delegate) adequate proof that it was actually so used. A rebuilt or reconditioned bicycle would not be considered a new bicycle for purposes of this exemption (or for purposes of the exemption under sec. 4218, discussed below) Section 4221(a)(1) presently provides an exemption from tax for articles which are sold by the manufacturer for use in further manufacture, but tires and tubes of all types are specifically excluded from this exemption (except where the product of such further manufacture is sold for export or for use by a vessel or aircraft, a State or local government, or a nonprofit educational organization); so that the effect of the amendment made by the first section of the bill is to provide for bicycle tires and tubes a special exemption from tax which is similar to the general exemption presently provided in cases of further manufacture by section 4221(a)(1), although it is more limited than the general exemption in that it applies only where the further manufacture involves a specified product.

Section 2 of the bill deals with the situation where the manufacturer of the tire or tube is also the manufacturer of the bicycle and himself uses the tire or tube in the manufacture or production of the latter. It amends section 4218 of the code to provide in effect that if a person manufactures, produces, or imports a bicycle tire or tube and uses it as material in the manufacture or production of, or as a component part of, a new bicycle, he shall not be liable for tax. Section 4218(b) presently provides that the use *for any purpose* of a tire or tube by its manufacturer, producer, or importer renders him liable for tax as though he had sold it (this being an exception to the general rule, stated in sec. 4218(a), that the use of an article by its manufacturer, producer, or importer renders him liable for tax as though he had sold it *unless* such use is for the further manufacture of a taxable article); so that the effect of the amendment made by section 2 of the bill is to provide for bicycle tires and tubes a special exemption from tax which is similar to the general exemption permitted under section 4218(a) in cases of further manufacture, although it differs from the general exemption in that it applies only where the further manufacture involves a specified product (and is available even though that product is not a taxable article under the code).

Section 3 of the bill deals with the taxpayer's entitlement to credit or refund in the situation where tax under section 4071 of the code was paid on a bicycle tire or tube which is used in the further manufacture of a new bicycle, but where (1) such tire or tube could have been sold tax free under section 4221 (discussed above), or tax-free treatment was denied solely because of a failure to provide proof of its use in further manufacture within 6 months as required, or (2)

such tire or tube was sold by its manufacturer, producer, or importer to a third party who in turn resold it to the bicycle manufacturer, and it could have been sold tax free under such section 4221 but for the intervention of such third party. Section 3 of the bill amends section 6416 of the code to provide that the payment of the tax on a bicycle tire or tube in a situation of this kind shall be deemed an overpayment (by the bicycle manufacturer in the direct sale situation and by the tire or tube manufacturer in the three-party situation) in respect of which a credit or refund of such tax can be allowed or made. Under the existing provisions of section 6416(b), a credit or refund can be allowed or made with respect to any tire or tube only if it (or the article in the further manufacture of which it is used) is exported or sold for use by a State or local government, a nonprofit educational institution, or a vessel or aircraft. A rebuilt or reconditioned bicycle would not be considered a new bicycle for purposes of determining a person's right to a credit or refund under these provisions.

Section 4 of the bill (the effective date section) provides that the amendments made by the bill shall apply only with respect to bicycle tires and tubes sold by the manufacturer, producer, or importer on or after the first day of the first month beginning more than 10 days after the bill is enacted.

IV. CHANGES IN EXISTING LAW

In compliance with clause 3 of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, as introduced, are shown as follows (new matter is printed in italic, existing law in which no change is proposed is shown in roman):

SECTION 4073 OF THE INTERNAL REVENUE CODE OF 1954

SEC. 4073. EXEMPTIONS.

(a) TIRES OF CERTAIN SIZES.—The tax imposed by section 4071 shall not apply to tires which are not more than 20 inches in diameter and not more than 1¾ inches in cross-section, if such tires are of all-rubber construction (whether hollow center or solid) without fabric or metal reinforcement.

(b) TIRES WITH INTERNAL WIRE FASTENING.—The tax imposed by section 4071 shall not apply to tires of extruded tiring with an internal wire fastening agent.

(c) EXEMPTION FROM TAX ON TREAD RUBBER IN CERTAIN CASES.—Under regulations prescribed by the Secretary or his delegate, the tax imposed by section 4071(a)(4) shall not apply to tread rubber sold by the manufacturer, producer, or importer, to any person for use by such person otherwise than in the recapping or retreading of tires of the type used on highway vehicles.

(d) BICYCLE TIRES AND TUBES.—The tax imposed by section 4071 shall not apply to tires, composed of rubber in combination with fabric or other reinforcing element, or tubes, which are not more than 26 inches in diameter and not more than 2⅛ inches in cross section and which are primarily designed or adapted for use on bicycles.

86TH CONGRESS } HOUSE OF REPRESENTATIVES { REPORT
1st Session } { No. 1172

INVESTIGATION OF QUESTION OF FINAL RIGHT OF DALE ALFORD TO A SEAT IN THE 86TH CONGRESS

SEPTEMBER 8, 1959.—Ordered to be printed

Mr. ASHMORE, from the Committee on House Administration, submitted the following

REPORT

[To accompany H. Res. 380 (86th Cong., 1st sess.)]

The Committee on House Administration having had under consideration the question of the final right of Dale Alford to a seat in the 86th Congress, after a thorough investigation thereof, herewith submits its report and recommends the adoption of House Resolution 380.

The final result of the election of November 4, 1958, as found by the committee pursuant to the investigation was:

County	From original certification		Final committee determination	
	Hays	Alford	Hays	Alford
Conway	3, 042	774	2, 944	794
Faulkner	2, 694	2, 307	2, 679	2, 284
Perry	484	728	476	725
Pope	2, 297	1, 678	[1] 2, 281	[1] 1, 671
Pulaski	18, 504	24, 026	18, 005	23, 546
Yell	2, 462	1, 226	2, 364	1, 227
	29, 483	30, 739	28, 749	30, 247
Difference	1, 256		1, 498	

[1] Includes absentee ballots for Pope County based on certified copy of "Abstract of all votes cast for all executive, legislative, and judicial officers at the election held in Pope County on the 4th day of November, A. D. 1958" filed in the office of the secretary of state of Arkansas.

On the organization of the House of Representatives of the 86th Congress on January 7, 1959, a single objection being made to the oath being administered to the Member-elect, Dale Alford, from the Fifth Congressional District of Arkansas, said Member-elect was asked by the Chair, under the precedents, to stand aside while the other Members- and Delegates-elect were sworn.

The House of Representatives thereupon immediately agreed to House Resolution 1 as follows:

Resolved, That the Speaker is hereby authorized and directed to administer the oath of office to the gentleman from Arkansas, Mr. Dale Alford;

Resolved, That the question of the final right of Dale Alford to a seat in the Eighty-sixth Congress be referred to the Committee on House Administration, when elected, and said committee shall have the power to send for persons and papers and examine witnesses on oath in relation to the subject matter of this resolution.

The gentleman from Arkansas appeared in the well of the House and took the oath of office and was seated (Congressional Record, 86th Cong., 1st sess., vol. 1, pp. 12–13).

The certificate of the Governor of a State as to the election of a Member is only prima facie evidence of the fact (Hind's Precedents of the House of Representatives, vol. I, secs. 637, 528–534). The question of the final right is a matter to be determined by the House itself since it is the judge of the elections, returns, and qualifications of its members (U.S. Constitution, art. I, sec. 5). A committee in investigating and reporting on matters referred to it acts as an agent of the whole House.

Election of 25 Members to the Committee on House Administration, with Hon. Omar Burleson of Texas as chairman, was had on January 7 (H. Res. 9) and January 19 (H. Res. 121 and 122) (Congressional Record, 86th Cong., 1st sess., vol. 1, pp. 14, 787, and 788). An organizational meeting of the Committee on House Administration was had on January 28, 1959, and Chairman Burleson appointed 10 members of the full committee to constitute the Subcommittee on Elections, Hon. Robert T. Ashmore of South Carolina being designated as chairman of the subcommittee.

House Resolution 1, under its own terms, was on January 28, 1959, referred to and became a matter within the jurisdiction of the Committee on House Administration. This procedure was in accordance with rule XI, 9(k), of the House of Representatives, which provides that—

all proposed legislation, messages, petitions, memorials, and other matter relating * * * to the election of the President, Vice President, or Members of Congress; corrupt practices; contested elections; credentials and qualifications; and Federal elections generally

shall be referred to the Committee on House Administration.

The Committee on House Administration on April 15, 1959, by a majority vote, a quorum being present, adopted a motion making it mandatory for the committee to investigate the election of Hon. Dale Alford and that said investigation—

be completed at the earliest possible time; and that the Federal authorities now in possession of the ballots and other election documents be requested to release them to the committee.

The motion agreed to was as follows:

That the Committee on House Administration, pursuant to House Resolution 1, adopted on January 7, 1959, investigate the election to the House of Representatives of Dale Alford from the Fifth District of Arkansas, and that said investigation be completed at the earliest possible time: and that the Federal authorities now in possession of the ballots and other election documents be requested to release them to the committee.

Following adoption of the motion the Subcommittee on Elections was directed to conduct the investigation.

State law required the ballots, ballot stubs, pollbooks, and precinct certificates of returns to be destroyed by the county election commissioners after 6 months following the election of November 4, 1958, unless the commissioners have notice of a pending contest (Arkansas Statutes, 1947; secs. 3–912, 3–1013). However, the ballots and other election paraphernalia used in the Fifth Congressional District had been impounded on March 24, 1959, by order of the U.S. district court for examination by a Federal grand jury, the Federal Bureau of Investigation, and the U.S. attorney's office.

In order to carry out the mandate for a speedy investigation and to secure possession of the ballots the chairman of the subcommittee proceeded to Little Rock and took legal steps which resulted in the ballots and related material being physically turned over to the subcommittee in the Federal building at Little Rock on June 22, 1959.

The actual examination and recount of the ballots and related material began on June 22, 1959, at Little Rock under the direct supervision of the following members of the Subcommittee on Elections: Hon. Robert T. Ashmore, chairman, Hon. Carl Elliott, Hon. Bob Casey, and Hon. Charles E. Chamberlain. On the morning of June 25, 1959, Hon. John Lesinski and Hon. Willard S. Curtin directed an examination and recount of the ballots and related material of Yell County at the county courthouse at Danville, Ark. Further examination of the ballots from Conway, Faulkner, Perry, Pope, and Pulaski Counties was also conducted in the presence of Representatives Lesinski and Curtin in the Federal Building at Little Rock on the afternoon of June 25 and on Friday, June 26. Representative Carl Elliott was present in Little Rock and supervised the final phases of the recount on Saturday, June 27, and Sunday, June 28.

Present at all times during the recount were Julian P. Langston, chief clerk, Sidney L. Jay, counsel, and Samuel H. Still, special counsel.

The actual counting of the ballots and auditing of the returns was accomplished by eight accountants of the General Accounting Office: Sidney F. Hecker, of New Orleans, in charge; Ernest R. Frosch and W. G. Llewellyn, of Dallas; Lee W. Newton and Daniel F. Allis, of Kansas City; and Ronald Wascom, Algene Vance, and Walter B. Agnew, of New Orleans.

SCOPE OF THE GENERAL ACCOUNTING OFFICE WORK FOR THE SUBCOMMITTEE ON ELECTIONS OF THE COMMITTEE ON HOUSE ADMINISTRATION IN THE INVESTIGATION OF THE ALLEGED IRREGULARITIES IN THE ELECTION OF NOVEMBER 4, 1958, IN THE FIFTH CONGRESSIONAL DISTRICT OF ARKANSAS

The ballots of Yell County were examined in Danville, Ark., in the presence of Mr. Fay Mathis, county clerk, Yell County, under the direction of Representatives Lesinski and Curtin, and committee staff members. The ballots of Pulaski, Conway, Faulkner, Perry, and Pope Counties remained in room 521 of the Federal building, Little Rock, Ark., during the entire examination.

The procedures followed in making the examination were:

Summary of procedures

1. Examined and separated by category.
2. Counted.
3. Recorded.
4. Bundled and tagged.
5. Returned to box.
6. Box labeled.
7. Recorded on summary analysis sheet by county.

Detailed procedures

1. The ballots were separated by teams of General Accounting Office accountants into categories as follows:

(*a*) Brooks Hays.
(*b*) Dale Alford write-in.
(*c*) Dale Alford sticker.
(*d*) No vote for Congress.
(*e*) Questionable ballots.

Criteria for categories:

(*a*) *Brooks Hays.*—"X" in the square opposite his name.

(*b*) *Dale Alford write-in.*—"Dale Alford," "Dr. Dale Alford," or "Doctor Dale Alford" written in the space provided below Hays name, and "X" in the square opposite write-in.

(*c*) *Dale Alford sticker.*—Dale Alford sticker (see exhibit, p. 50) placed in the congressional section of the ballot; provided there was no evidence of any mark in the square opposite Hays' name.

(*d*) *No vote for Congress.*—No marking in congressional section of the ballot.

(*e*) *Questionable ballots.*—All ballots not covered in the above four categories. Schedule A includes examples of some questionable ballots.

2. After the categories had been separated, each of them was counted.

3. The results of the count were recorded on an individual worksheet for each box. Shown also were the "Tally sheet," "Certificate of judges and clerks," and "Register of voters," or noted if not available. Differences between the certified count and the General Accounting Office count were shown.

4. Each category of ballots was bundled and tagged. The tag indicated the category and number. The "questionable" category was identified as to county and box.

5. With the exception of the "questionable" category, all ballots were returned to the ballot box. "Questionable" bundles were to be taken to Washington. The other items, certificate, etc. were returned to the place found, unless otherwise indicated on the worksheets.

6. The box was labeled to show the General Accounting Office accountants making the count and the date of count.

7. Individual worksheets were summarized on a summary analyis sheet by box, ward, township, and county by the General Accounting Office supervisory accountant in charge.

Summary of ballot analysis

The individual worksheets are summarized in the same order as listed in the abstract; by township, ward, and box. The columnar

headings are the same as the individual worksheets. Totals are shown for:

Ward.
Township.
Absentee.
County.

Numbers in the left margin are cross indexes to the individual worksheets for that county and the number on the gummed label placed on the box. The first column contains the number of the ballot box by ward or precinct. In the second column, the initials designate the General Accounting Office regional office and the last name of the accountants analyzing that box. The mark (✓) in column 7 designates that the questionable ballots were properly bundled and tagged for shipment to Washington.

The county totals from the above summaries are restated on a "county summary," using the same format as the individual worksheets.

The six counties are also summarized on a "district summary" totals using this format.

Procedures for preparing questionable ballots for shipment to Washington

The questionable ballots were removed from the ballot boxes and counted again. This count was verified to the "summary analysis sheets." A mark (✓) was placed in column 7 of the "summary analysis sheets" to designate that the questionable ballots had been recounted and prepared for shipment to Washington. The questionable ballots were properly identified as to county, township, ward, precinct, and the number of questionable ballots.

The gummed label on the ballot box was numbered to correspond to the number on the "summary analysis sheet" and the individual worksheets.

The examination of all ballots cast in the election resulted in an isolation of 3,408 questionable ballots. The county breakdown of these ballots is as follows:

Conway	294
Faulkner	310
Perry	33
Pope	282
Pulaski	2180
Yell	309

All of the questionable ballots, with the exception of those from Yell which were impounded, were placed in boxes for shipment. Pulaski County required five boxes and Conway, Faulkner, Perry, and Pope Counties required one box each for a total of nine boxes. The total number of ballots thus boxed was 3,099. All questionable ballots from Yell County were minutely described so as to enable the subcommittee to group these Yell County ballots in questionable categories with the ballots from the other counties.

The ballot boxes were then sealed with a U.S. House of Representatives seal, or a Subcommittee on Elections stamp.

All action had by the subcommittee was unanimous.

Although a full investigation was made as regards this election, the subcommittee does not construe this matter as being a contest under the statutes. The investigation was conducted as a result of charges made by a single voter from the district, many of said charges being

made on the basis of hearsay. Although the losing candidate offered to assist in an investigation, he chose not to file a contest. The subcommittee strongly feels that the preferable method for disputing a seat is to follow the more orderly and timely procedures provided for by statutes.

Prior to a consideration of the questionable ballots, the subcommittee considered the question of write-in votes and determined that all ballots would be considered as valid where the name of the write-in candidate had been properly written in or placed on the ballot by sticker. The subcommittee noted that some uncertainty existed in the Arkansas law with respect to a write-in vote at general elections, but was of the opinion that once the election is over and the people have spoken, their action should not be invalidated by some technicality or uncertainty in the law.

As to the write-in vote the subcommittee noted that a blank line appeared under the name of each candidate printed on the ballot and it has apparently been the custom in this State for a number of years to accept write-in votes. The House of Representatives has always recognized the right of a voter to write in the name of a person of his choice.

With respect to the use of stickers the subcommittee felt that an opinion of the State attorney general, issued on October 30, 1958, to the effect that stickers are legal, was binding on the clerks and judges and they had no choice but to receive and count the sticker votes. Had the aggrieved candidate or any qualified elector in this congressional district felt that this ruling of the attorney general was incorrect the matter should have been taken to some court of competent jurisdiction for relief. No such recourse was had by anyone to any court.

The subcommittee had some misgivings about the distribution of stickers at the polls and noted that some of the States do have laws prohibiting such distribution at the polls. However, in the absence of any specific Arkansas law prohibiting the distribution of stickers at the polls, and in view of the fact that the Arkansas Supreme Court on October 31, 1932, had held as legal certain ballots bearing stickers which had been distributed at the polls, the subcommittee agreed not to void the vote in those precincts where the stickers were so distributed on November 4, 1958.

The subcommittee found precedent for its action regarding the stickers, the House of Representatives in 1919, during the 66th Congress, having validated sticker ballots cast in the 10th Congressional District of Massachusetts (*Tague* v. *Fitzgerald*, H. Rept. No. 375, 66th Cong., 1st sess.).

The subcommittee was unanimous in its opinion that the Arkansas legislature should enact legislation clarifying the use of stickers and write-in voting in general, particularly in view of the decisions of the State supreme court in *Bennett* v. *Miller* (1932), 186 Ark. 413, 53 S.W. 2d 853 and *Davidson* v. *Rhea* (1953), 221 Ark. 885, 256 S.W. 2d 744.

The following is the summary of the original recount and examination of the ballots made by the Subcommittee on Elections during the period June 22–30, 1959 at Little Rock:

Summary of General Accounting Office review under the direction of the Subcommittee on Elections or staff members thereof, of ballots in custody of the Subcommittee on Elections of the Committee on House Administration pertaining to the election of Nov. 4, 1958, in the 5th Congressional District of Arkansas

County	Ballots not questioned				Questionable ballots	No vote for Congressman	Total
	Dale Alford			Brooks Hays total			
	Write-ins	Stickers	Total				
Conway	658	9	667	2, 873	294	102	3, 936

[1] Excluding absentee ballots which were not located for Pope County.
[2] Including absentee ballots for Pope County based on certified copy of the "Abstract of all votes cast for all executive, legislative, and judicial officers at the election held in Pope County on the 4th day of November A.D. 1958" filed in the office of the secretary of state.

JUNE 30, 1959.

I hereby certify that, to the best of my knowledge, the above schedule discloses the results of the review made by the U.S. General Accounting Office staff under the direction of the Chief Clerk, and the two counsels of the Subcommittee on Elections, Committee on House Administration.

SIDNEY F. HECKER, CPA (Louisiana).

The subcommittee voted unanimously to accept the original examination and recount of the ballots as tabulated by the General Accounting Office under the supervision and direction of subcommittee members and staff. The complete text of the report appears in the appendix.

The questionable ballots were originally divided into 22 categories as follows:

CATEGORIES OR EXAMPLES OF QUESTIONABLE BALLOTS

1. Any mark other than "X" in the square opposite Hays name.
2. Marks in both squares in the congressional section of the ballot.
3. Misspelled attempts to write in "Dale Alford."
4. "Alford," "D. Alford," "Dr. Alford," "Doctor Alford," or "Mr. Alford."
5. "Dale Alford," "Dr. Dale Alford," or "Doctor Dale Alford" written in correctly but no mark in the square opposite the write-in.
6. "Dale Alford," "Dr. Dale Alford," or "Doctor Dale Alford" written in correctly, but "X" in the square opposite Hays name.
7. "Dale Alford," "Dr. Dale Alford," or "Doctor Dale Alford" written in correctly, but mark other than "X" in square opposite the write-in.
8. Any erasures or strikeovers which cast doubt as to the intent of the voter.
9. Mark in the square opposite write-in line but no name written in.
10. Type of instrument used to mark Congress choice not the same as one used to mark remainder of ballot.
11. First names other than "Dale." (Example: "Paul Alford.")
12. "Dr.," or "Doctor" written in, "X" in the square opposite write-in.
13. Top of ballot torn off, which would identify county, township, etc.
14. Stub of ballot still attached or clipped to ballot.
15. Sticker placed outside congressional section of ballot.
16. Stub of sticker placed in congressional section of ballot.
17. Entire sticker placed on ballot.
18. Sticker correctly placed, mark in square opposite Hays name.
19. Write-in votes for persons other than Alford. (Example: "John Doe.")
20. "X" marked other than in printed square.
21. Name written in but in place other than below Hays' name but within congressional section of ballot.
22. "Democrat" or other writing added to "Dale Alford" with "X" in square opposite write-in.

In Washington the 22 categories of questionable ballots were reduced to 16 as follows:

Category	Conway	Faulkner	Perry	Pope	Pulaski	Yell
1. Ballots which did not have stubs detached	1	16	2	5	24	0
2. Ballots which had name of write-in candidate written in, but no marks in box opposite name	48	43	3	48	213	60
3. Ballots which had name of write-in candidate written in, or placed on ballot by sticker and box opposite name of other candidate marked	2	2	1	2	16	5
4. Ballots which had name of write-in candidate written in, and box opposite checked, "√"	8	10		1	209	8
5. Ballots where wrong end of sticker placed thereon		5	3	2	40	2
6. Name of write-in candidate either written or placed by sticker in some place on ballot other than on write in line	3	1	2	1	79	2
7. Name of write-in candidate mispelled or only last name used	67	137	13	154	599	127
8. Ballots apparently intended for write-in candidate, but erasures or other markings present on ballot	13	12	2	7	149	7
9. Box opposite write-in line marked with "X" or "√", but nothing written in or placed on write-in line	10	21	1	27	265	33
10. Ballots with sticker placed over or partially over marks for other candidate		3	1		3	0
11. Ballots with name of "Brooks Hays" written in					2	0
12. Ballots with box opposite name of Brooks Hays checked, "√"	71	38	1	23	395	56
13. Ballots with box opposite name of Brooks Hays marked in some way other than with "X" or "√"					39	4
14. Ballots with erasures or other markings which apparently had been counted for Brooks Hays	60	10	3	5	97	0
15. Ballots which were apparently not marked or voted for either candidate, or where the name written in not that of write-in candidate	9	11	1	6	47	0
16. Ballots which were voided or not counted by election officials	2	1		1	3	0
Miscellaneous						5
County total	294	310	33	282	2,180	309
Grand total	3,408					

In a series of meetings beginning on July 8 and extending through August 26, 1959, the Subcommittee on Elections examined each category of questionable ballots.

Category 1. Ballots which did not have stubs detached

There were 48 ballots of this type which were found in the large ballot box without the stubs having been detached.

The subcommittee ruled that these ballots were invalid.

Arkansas law requires the voter, after marking his ballot, to detach the lower portion or stub and deposit the ballot in a large or regular ballot box and the lower portion or stub in a smaller box about the size of a shoebox (Ark. Statutes 1947, 1956 replacement, secs. 3–832, 3–835).

There is apparently no Arkansas case construing the validity of a ballot deposited in the box by a voter without removal of the stub, but the subcommittee notes that the Kentucky Court of Appeals has said that the depositing of the ballot without first detaching the stub would destroy the constitutional requirement for secrecy of the ballot if such ballot is counted, and such requirement, the court said, is mandatory. (*State Bd. of Election Commissioners* v. *Coleman*, 235 Ky. Rep. 24, 32–33. See 29 CJS, Elections, sec. 206, p. 292, note 35.)

Category 2. Ballots which had name of write-in candidate written-in, or placed on ballot by sticker, but no marks in box opposite name

There were 415 ballots cast which had the name of the write-in candidate written in but the voter failed to place a cross "X" in the square provided on the ballot opposite the name written in.

The subcommittee ruled that these ballots were valid.

Arkansas law requires the ballot be marked with an "X" as follows:

> Upon receiving his ballot, the voter shall proceed to mark it by placing an "X" in the appropriate squares. The voter shall then separate his ballot on the perforated line and personally deposit the larger portion in the larger box provided, and the smaller portion in the smaller box provided.

The only instance in which the House Elections Committee has ever ruled on disputed ballots of this type was in the contested election case of *Tague* v. *Fitzgerald* on October 13, 1919, during the 66th Congress (H. Rept. No. 375, 66th Cong., 1st sess., pp. 1–2). In that case the committee carefully examined a large number of ballots which had affixed thereto a sticker bearing the name of a write-in candidate or had the name of a write-in candidate written thereon without (in any instance) having a cross thereafter. In declaring that a cross was not necessary to the validity of the ballots so voted the committee stated:

> No other candidate for Congress was voted for on such ballots. In the absence of a provision expressly rendering such a ballot void in the Massachusetts statute and in the absence of a reported case on that point in this State, the committee held that the intention of the voter to vote for Peter F. Tague was manifest by affixing a sticker or writing the name, notwithstanding that the act had not been completed by the making of a cross thereafter, and counted such vote for Tague.

The House committee in its decision in 1919 apparently adopted the views prevailing in most States at that time. An examination of recent cases shows no change in the general rule that the intent of

the voter can be ascertained and a vote is valid even though the voter fails to mark a cross in the square provided.

In 1944 the West Virginia Supreme Court of Appeals stated:

It is further provided: "If the voter desires to vote for any person whose name does not appear on the ticket he may substitute the name by writing it with a black (lead) pencil or other means in the proper place, and making a crossmark in the blank space at the left of the name so written" (Code 3–5–19, as amended). The statutory provision just quoted is a legislative recognition of the right of a voter to select some person other than those nominated for office and whose name is not printed on the ballot. It is unnecessary to the validity of a vote cast that a crossmark appear in the space to the left of the name so written (*Rollyson* v. *County Court*, 113 W. Va. 167, 167 SE 83). A vote cast by writing in the name of a person must be counted and returned as a vote if the intention of the voter can be ascertained therefrom (*State* v. *Board of Canvassers*, 85 W. Va. 440, 102 SE 104. See *Reed* v. *State*, 234 Ala. 306, 174 So. 498; *Sanner* v. *Patton*, 155 Ill. 553, 40 NE 290; McCrary on Elections 4th Ed, sec. 700).

We conclude that a legal voter may cast a ballot for any qualified and eligible person by writing the name of such person on the official ballot at such place in a manner that the intention of the voter is indicated as to the person and office for which the vote is cast (*Brannon* v. *Perkey* (1944), W. Va., 31 SE, 2d 898; 158 A.L.R. 631, 636–637).

On June 6, 1955, the Supreme Court of Michigan said:

Under the decision of this court in *Sawyer* v. *Hart* (194 Mich. 399, 160 NW 572), it was not necessary when the voter had taken the pains to attach a sticker to also mark on the sticker an "X" in front of the name of the sticker candidate (*Burns* v. *Rodman*, 70 NW 793, 795–796).

The Michigan court further said at p. 797, idem, in regards to slips with the "X" marks already on same:

The testimony that Burns passed out slips already marked and that the ballots with such slips on them were cast in the election, does not constitute a reason for declaring the ballots void or refusing to count them for Burns.

Earlier, in 1916 the Supreme Court of Michigan had ruled that the pasting of a sticker was sufficient to complete the voter's intention without further making a case:

(1) It is the contention of plaintiff that the mere pasting of a slip on the ballot is not a sufficient indication of the intention of the voter, and does not accomplish the same result as making a cross in the square before the name, in support of which the case of the *People ex rel. Oatman* v. *Fox* (114 Mich. 652, 72 NW 611), is quoted from as follows:

> We think it clear that full compliance with the statute requires that the name not appearing on the ballot be pasted or written in the proper place, and also that it be marked with a cross. The voters did not, in the use of these ballots, express an intention to vote for respondent in the manner prescribed by statute.

In that case there were two tickets upon the ballot, with regular candidates for the office in dispute upon each ticket, while a third candidate ran on slips. Upon the ballots then under consideration there was no mark in the circle at the head of either ticket, and the unmarked names of two candidates for the same office appeared on each ballot. Following *People* v. *Cicott* (16 Mich. 283, 97 Am. Dec. 141), it was held that the ballot was bad as to that office because of duplicity. No such question arises here, as only the name of one candidate for any office appears upon any of the nine ballots. This distinction is plainly pointed out in the opinion, and the case of *Johnson* v. *Board of Canvassers* (101 Mich. 187, 59 NW 412), is distinguished. In the latter case it was held that a voted, unmarked ballot, containing but one ticket and but one name for each office, is a valid vote for each candidate named thereon, the court saying in part:

> The stamping of these ballots would not, so far as we can see, have added to the certainty of the voter's intention, nor does the failure in any way hazard the rights of any one.

By this authority an elector, casting at the polls a ballot with a single ticket upon it containing the name of but one candidate for each office without making

any cross in the circle at the head of the ballot, legally votes that ticket to the same extent and with like effect that one casting a ballot with two or more tickets upon it votes the ticket which he marks by a cross in the circle over it (*Sawyer* v. *Hart* (1916) 194 Mich. 399, 160 N.W. 572, 573).

Category 3. Ballots which had name of write-in candidate written in, or placed on ballot by sticker, and box opposite name of other candidate marked

There were 28 ballots in this category.

The subcommittee ruled that these ballots were invalid. The subcommittee could not determine the real intention of the voter with respect to any of these ballots and noted a recent Pennsylvania case holding that in effect such a ballot denotes the voter had voted twice for the same office.

Category 4. Ballots which had name of write-in candidate written in and box opposite checked (√)

There were 236 ballots in this category.

The subcommittee ruled that the ballots were valid; that the intention of the voter was clear.

Category 5. Ballots where wrong end of sticker placed thereon

There were 52 ballots of this type.

The subcommittee ruled that these ballots were invalid as if not voted at all for either congressional candidate.

Category 6. Name of write-in candidate either written or placed by sticker in some place on ballot other than on write-in line

There were 88 ballots in this group and they were further separated into groups A and B as follows:

Group No. 6 (88): Name of write-in candidate either written or placed by sticker in some place on ballot other than on write-in line, total..... 88

	Totals as shown on 6					
	Conway	*Faulkner*	*Pope*	*Perry*	*Pulaski*	*Yell*
Group No. 6A (41): Name of write-in candidate placed by writing or sticker in or partially in congressional box.....	3	1	1	2	79	2
6A	3	0	0	1	37	0
Group No. 6B (47): Name of write-in candidate placed by writing or sticker completely outside congressional box. 6B	0	1	1	1	42	2
	3	1	1	2	79	2

Total for—

Group No. 6A..... 41

Group No. 6B..... 47

On August 6, 1959, the subcommittee on actual examination of the 88 ballots in groups A and B of this category were of the opinion that 41 of these ballots contained the name of the write-in candidate either in or partially in the congressional box. Four of the 41 ballots, however, were voted by scratching or marking a line through the name of Brooks Hays and writing in the name of Alford on the Hays line. These latter four votes were ruled invalid but the subcommittee voted to accept as valid the other 37 votes.

The subcommittee then on August 6, 1959, after careful examination voted to exclude as invalid the remaining 47 ballots in group 6B wherein the name or sticker appeared outside the congressional box. On reexamination of this group of 47 ballots, 1 ballot was considered valid, leaving 46 invalid ballots.

Category 7. Name of write-in candidate mispelled or only last name used

There were 1097 ballots on which the name of the write-in candidate, Dale Alford, was mispelled or only the last name used.

The subcommittee on August 4, 1959, agreed to accept ballots in this category as valid in all cases where the surname was properly spelled or nearly properly spelled but to consider invalid if the given name was wrong. The subcommittee postponed actual examination of this group until August 6, 1959, at which time the ballots were divided into groups 7A and 7B as follows:

Group No. 7 (1,097): Name of write-in candidate misspelled or only last name used, total						1,097
Group No. 7A (1,035): Name phonetically correct or only last name is used	*Conway* 63	*Faulkner* 132	*Pope* 148	*Perry* 12	*Pulaski* 566	*Yell* 114
Group No. 7B (62): Incorrect first name, or last name questionable or incorrect	4	5	6	1	33	13
	67	137	154	13	599	127
Total for:						
Group No. 7A						1,035
Group No. 7B						62

On August 6, 1959, the subcommittee voted to accept as valid those ballots phonetically correct except in those cases where the wrong given name was used. Thus the 1,035 ballots in group 7A were validated. Twelve ballots in category 7, group A cast in Yell County were accepted as valid on a conditional basis provided the final result of the recount be not within a 12 vote margin.

Sixty-two ballots were considered invalid since these ballots had names written thereon possibly intended for Alford, but too incorrectly spelled to show definite intent of the voter.

Category 8. Ballots apparently intended for write-in candidate, but erasures or other markings on ballot

There were 190 ballots in this category.

On August 11, 1959, the subcommittee divided this category into three groups as follows:

	Conway	Faulkner	Pope	Perry	Pulaski	Yell
Group No. 8 (190): Ballots apparently intended for write-in candidate but erasures or other markings present on ballot, total						190
Group No. 8A (28): Ballot apparently voted for write-in candidate, but Hays name stricken through	0	1	0	0	27	0
Group No. 8B (73): Ballot apparently voted for write-in candidate, but mark opposite Hays name either stricken through or scratched over or erased	8	9	7	0	42	7
Group No. 8C (89): Ballot apparently voted for write-in candidate, but added marks or material near name written in, such as "Democrat" "5th District," etc., or where extra sticker or sticker end also on ballot	5	2	0	2	80	0
	13	12	7	2	149	7

The subcommittee first examined group 8A, the 28 ballots apparently intended for the write-in candidate as the name appeared on the proper line but the name of Brook Hays was stricken through. The subcommittee ruled the 28 ballots to be valid, and in doing so, took into consideration the fact that up until recently voters in Arkansas were required by law to scratch the names of candidates for whom they did not wish to vote. The intention of the voter was clear, no crossmark being placed after the name of Hays on any of the 28 ballots.

The subcommittee then considered and invalidated the 73 ballots in group 8B. The ballots in this group had the name of the write-in candidate written in but the box opposite Brooks Hays name bore some sort of a mark that had either been stricken through or scratched over or erased.

Group 8C consisted of 89 ballots voted for the write-in candidate but on each ballot the voter had added some additional information such as "Democrat," "5th District," or an end of the sticker near the name of the write-in candidate. The subcommittee accepted each of the 89 ballots as valid.

Category 9. Box opposite write-in line marked with crossmark "x" or checkmark "✓", but nothing written in or placed on write-in line

There were 357 ballots in this group.

The subcommittee on August 4, 1959, ruled all 357 ballots invalid, but submitted them to the National Bureau of Standards for examination. The report of that agency was submitted on August 18,

1959, showing "no evidence of any adhesive particles or torn fibers," thus indicating no evidence of fraud in connection with this group of ballots.

Subsequently the subcommittee on August 26, 1959, reaffirmed its decision of August 4, 1959, and the 357 ballots were invalidated.

Category 10. Ballots with sticker placed over or partially over marks for other candidate

There were seven ballots in this category.

The subcommittee on August 11, 1959, examined these ballots closely and ruled them invalid.

Category 11. Ballots with name of "Brooks Hays" written in

There were two ballots in this category. The voter, instead of marking a cross in the square provided on the line opposite the name of Brooks Hays, wrote in the name of Brooks Hays on the blank space provided for write-in candidates.

The subcommittee on August 11, 1959, voted to accept as valid votes for Hays the ballots thus written in. The subcommittee having previously, on August 4, 1959, having ruled to accept as valid a write-in vote, the only question was whether a write-in vote is valid for a candidate whose name was already printed on the ballot. Since there were no Arkansas cases clarifying this voting procedure and, in view of the fact no cross was placed opposite the printed name of Hays, the subcommittee was inclined to follow a rather recent decision of the Pennsylvania Supreme Court.

Although the Pennsylvania Supreme Court was dealing with a situation where a sticker was used rather than the name written in, yet the principle is the same since the name of the person on the sticker was identical with the name printed on the ballot. The court said:

> The losing candidate Rushe argues that since James' name already had a place on the ballot, there was no need to supply it with a sticker. This is true.
>
> The appellee quotes from *Redman's Appeal* (173 Pa., 59), in support of his argument that a ballot which carries a printed name and a sticker name of the same candidate is invalidated. But in that case (where one vote decided the election) the unknown voter of the telltale ballot placed his X after the printed name and then affixed a sticker with another X following the same name. He thus voted twice. Justice Sterrett, speaking for the court said: "It was thus manifestly impossible for the election officers, or any other than the voter himself, to determine which of the acts—that of 'marking' in the left-hand column or that of 'writing' the name 'John S. Lowry' in the blank space—was first in order of time, or whether the voted intended by both acts to vote for two persons or for only one and the same person, or, in brief, what may have been his purpose in doing what he is admitted to have done in preparing his ballot" (p. 64).
>
> The situation here is quite different. The voter voted only once for Samuel A. James (*James' Appeal* (1954), 377 Pa. 405, 406, 409).

Category 12. Ballot with box opposite name of "Brooks Hays" marked with a check "√"

There were 584 ballots on which the voter had placed a checkmark "√" rather than a crossmark "X" as required by sections 3–822 and 3–832, Arkansas Statutes, 1947. The law instructs the voter (sec. 832):

> Upon receiving his ballot, the voter shall proceed to mark it by placing an "X" in the appropriate squares * * *

The subcommittee, having previously voted to validate the 236 write-in ballots bearing checkmarks "√" in category 4,[1] voted on August 11, 1959 to validate the 584 ballots similarly marked with a check "√" for Hays.

Category 13. Ballots with box opposite name of Brooks Hays marked in some way other than with "X" or "√"

There were 39 ballots on which the voters had placed some mark other than a crossmark "X" or checkmark "√" in the square printed opposite the name of Brooks Hays.

After careful examination of each of the marks on this group of 39 ballots, on August 11, 1959, the subcommittee voted to accept as valid the markings on all 39 of the ballots. (The subcommittee at the same time reviewed four ballots in this category from Yell County and rejected one on which there was a mere pencil scratch in the box opposite the name of Hays. The mark was of such a nature that it was not clear whether the voter intended to vote at all).

Including the four ballots from Yell County, 42 ballots in this category were ruled valid, and 1 ballot was ruled invalid.

Category 14. Ballots with erasures or other markings which apparently had been counted for Brooks Hays

There were 175 ballots in this category distributed throughout the Fifth Congressional District as follows:

Conway County	60
Perry County	3
Faulkner County	10
Pope County	5
Pulaski County	97
Yell County	0
Total	175

The subcommittee first examined this group of ballots on August 11, 1959, and voted to invalidate the entire group. Since the members of the subcommittee were of the opinion that fraud may have motivated some of the erasures or changes made on the ballots, a handwriting expert was asked to examine each of the 175 ballots. This expert was called as a witness and his testimony with respect to many of the ballots simply confirmed the previous findings of the subcommittee.

Conway County: Many of the ballots in this group from Howard Township and a few from Welbourne Township had been altered in such a manner as to raise the question of possible fraud by erasing the name of "Dale Alford" and inserting a crossmark "X" in the box opposite the name of Brooks Hays.

There were 60 ballots in this category from Conway County voted in the townships as follows:

Ballot No. 1641	118–1		

Faulkner County: The 10 ballots from this county were invalidated because of unusual markings, but with no apparent intention of fraud on the part of the voter or persons handling the ballots.

Perry County: There were three ballots from Perry County in this group. Ballots Nos. 1571 and 1648 each bore a crossmark "X" in the Hays box which was different from the other crossmarks appearing on the ballot, indicating each had been changed by someone other than the voter. The third ballot questioned in this category (No. 1160) bore an erasure and a misplaced crossmark "X".

Pope County: There were five ballots from Pope County in this group. Although each of the ballots was invalidated by the subcommittee there was no evidence of fraud. One voter, ballot No. 10561, had written in the name of Dale Alford, but it was erased and the square opposite Hays' name was marked with a questionable corssmark "X." An Alford sticker had apparently been placed on ballot No. 2568 and removed, and the box opposite Hays' name marked with a crossmark "X".

Pulaski County: There were 97 ballots in this category which apparently were originally counted for Mr. Hays, but the subcommittee was of the opinion that the numerous instances of erasures, marking of both squares within the congressional box, variances in the marking in the congressional box with other markings on the ballot, name of write-in candidate erased or marked through, made it impossible to ascertain the true intent of the voter. It is suggested by the committee that in such instances the voter should have availed himself of the opportunity of obtaining another ballot under the "spoiled ballot" provisions of the Arkansas law. The 97 ballots in this category were accordingly ruled invalid.

Category 15. Ballots which were apparently not marked or voted for either candidate, or where the name written in was not that of the write-in candidate

There were 74 ballots in this category. The subcommittee concluded that it was not the intention of the voters of these ballots to vote for either Mr. Hays or Mr. Alford.

In some instances the congressional box was not marked at all, and in many instances the name written in was not that of either Mr. Hays or Mr. Alford.

Under Arkansas Statute, 1947, section 3–1022, it is provided that no votes shall be counted for a write-in candidate unless notice is given by or in behalf of such candidate of his intention to be a write-in candidate not later than 48 hours before the opening of the polls.

All 74 ballots in this category were ruled invalid.

Category 16. Ballots which were voided or not counted by election officials

There were seven ballots in this category which were in envelopes provided for voided ballots, and which apparently had not been counted for either candidate.

The subcommittee accordingly ruled that, since these ballots had been invalidated by the election officials, the same would not be considered for either candidate.

Miscellaneous category

There were five ballots from Yell County which could not be properly grouped in either of the foregoing categories.

1. Ballot with mark across entire congressional box. Ruled invalid.
2. Ballot with top torn off completely across ballot. Ruled invalid.
3. Ballot voted for Alford. No apparent defects. Valid.
4. Ballot with "Dale Alford" written in, and "X" placed along side of name, but not in box. Valid.
5. Ballot with "X" in box, but Hays' name torn from ballot. Ruled invalid.

The subcommittee therefore ruled that three of the five ballots were invalid, and two were ruled valid.

In examining the ballots from Yell County members of the subcommittee noted that in the congressional box the words "FOR CONGRESS—84th Congress" should have been printed to read "FOR CONGRESS—86th Congress." This error has been called to the attention of the Yell County clerk.

Other Phases of the Investigation

The subcommittee considered carefully each and every complaint that had properly been brought to its attention. Some of the more serious charges are answered in detail below.

CAMPAIGN EXPENDITURES BY THE WRITE-IN CANDIDATE

The subcommittee investigated certain charges involving expenditures by the write-in candidate but found nothing irregular. The subcommittee found no reason to question the financial statements of either candidate as filed with the Clerk of the House.

UNSIGNED CIRCULAR

The subcommittee conducted an intensive investigation of the unsigned pre-election circular used in the campaign. This circular was used in violation of both Arkansas and Federal law. The person responsible for this circular admitted that he used it without the knowledge of either the write-in candidate or his campaign manager. This person was interrogated by the Federal grand jury then sitting at Little Rock and no indictment was brought in.

The distribution of unsigned campaign material is strongly condemned, but there is no evidence showing that the write-in candidate was even aware of the existence of such material. This is one of the several instances wherein the write-in candidate is sought to be held responsible for an irregularity which occurred, but over which he had no control and in which he did not participate. The investigation revealed many irregularities which could erroneously be attributed to either candidate, but the mere existence of an irregularity in any campaign should not be attributed to a particular candidate where he did not participate therein. The subcommittee felt this to be a sound and equitable rule, and it was followed throughout the investigation with respect to both candidates.

ALLEGED CONSPIRACY TO NULLIFY WILL OF VOTERS VOTING IN DEMOCRATIC PRIMARY

Charges were made that high ranking officials of the Democratic Party in Arkansas conspired "to use the power of position in the Democratic Party to overturn the will of the majority of Democrats voting in the primary election of July 29, 1958" insofar as the candidate for Congress from the Fifth Congressional District was concerned.

This subcommittee, acting pursuant to House Resolution 1, limited the scope of its investigation to "the question of the final right of Dale Alford to a seat in the Eighty-sixth Congress." There was no evidence which substantiated the involvement of Dale Alford in any conspiracy. Thus, charges against officials of the Democratic Party in the State of Arkansas are not matters within the purview of this investigation.

CHARGE THAT WRITE-IN CANDIDATE DECEIVED VOTERS

It was charged that the write-in candidate represented himself to be a "Democratic" candidate in his campaign advertising. While it may have been true that Dale Alford did run as a "Democratic write-in candidate," there was no suggestion that he led the voters to believe that he was the nominee of the Democratic party. The ballot clearly obviated any doubt about this, if any doubt there was, for the only name printed on the ballot was that of the Democratic nominee—"Brooks Hays"—insofar as the congressional election was concerned. It is hardly conceivable that any voter could have believed that the name of the regular Democratic nominee had been left off the ballot. The subcommittee found no reason to believe that the public was misled or deceived in this respect, nor was there any evidence that it was intended to mislead the public for the write-in candidate to run as a "Democrat." Indeed, the write-in candidate publicly stated that he was not the nominee of the Democratic Party but a "Democrat" running as a write-in candidate for Congress.

BIG ROCK TOWNSHIP, PRECINCT E

A complaint filed with the committee alleged "irregularities and violations of law in voting and counting" in Big Rock Township, Precinct E. The complaint charged that the register of voters used at the election of November 4, 1958, had only 569 names entered thereon as having appeared at the polling place and voted, whereas a total of 626 votes had been certified as cast for Representative in Congress in this precinct.

An examination was had of the register of voters and 569 names were found written thereon. The certificate of judges and clerks for Big Rock E showed a total of 626 votes counted. Hays being credited with 174 votes, and Alford with 452. As alleged there were 47 more votes certified for Representative in Congress than were names on the register.

The error here occurred in the reading of the tally sheet from which the certificate was prepared. On November 4 the vote was rather heavy for this precinct, and, instead of using two tally sheets, a single sheet was used. As the ballots were read and entered on the tally sheet the edge of the sheet was reached and an extension was attached

by staple to the original sheet. This extension slipped up as the tally continued and the alignment of the lines was such that in reading one of the lines on the extension the vote of 233 for Faubus was credited to Alford, whereas Alford received only 180. Thus Alford was credited with 53 votes more than he actually received.

The tally sheet had two lines for each of the congressional candidates. Under Hay's name the first line showed 81 votes tallied and the second line 93 or a total of 174. Under Alford's name the first line showed 219 votes tallied and the second line 180.

JACKSONVILLE WARD II

A complaint was filed charging "irregularities and violations of law in voting and counting" at Jacksonville, ward II, where the official register of voters for the election held November 4, 1958, had a total of 362 names entered thereon whereas a total of 434 votes were certified as having been cast.

Members of the Subcommittee on Elections opened the box for Jacksonville Township, ward 2, on June 22, 1959, and examined the original certificate of the judges and clerk and found that it showed a total of 434 votes cast for the office of Representative in the 86th Congress from the Fifth Congressional District as follows: Hays, 109; Alford, 325. The contents of the box revealed two separate tally sheets or schedules used by the clerks in making the actual count. The totals on the two tally sheets or schedules were used to get the totals entered on the certificate. On one of these tally sheets, or schedules, the total vote for Hays was 66 and for Alford 93. The other tally sheet or schedule showed a total vote for Hays of 43 and for Alford of 132.

Adding the vote for Hays entered on each of the 2 tally sheets shows that he correctly received a total of 109 votes as certified by the judges and clerks. However, adding the vote entered for Alford on the 2 tally sheets shows that Alford only received a total of 225 votes rather than 325 as certified.

An error of 100 had been made by the judges and clerks in adding Alford's total from the 2 tally sheets. The members of the subcommittee who examined the sheet were of the opinion that the error was inadvertent. In calling off the totals for Alford one of the clerks erroneously read the above vote for Alford as 193 rather than 93. The committee recount of the ballots voted as found in the box totaled 362 which number agreed with the register of voters.

HILL-YOUNG TOWNSHIP, PRECINCT E

In testimony before the Subcommittee on Elections one witness charged that—

> in the Hill-Young Township, precinct E, 94 names are on this register; 98 votes were certified, 58 for Alford and 40 for Hays. The Service Bureau Corp. reported 18 votes in Hill-Young E were not eligible voters in Hill-Young Township (hearings, p. 59).

A recount of the ballots in this precinct showed a total of 94 votes were cast. An examination of the register of voters revealed 94 names entered thereon. There were actually four more votes certified than were cast.

The name of each of the 94 voters entered on the register of voters was checked against 2,830 names on the list of electors of Pulaski County, Ark., 1958, for Hill-Young Township. The names of 15 voters did not appear on the list exactly as given on the register. However, further examination showed that there was some logical reason for the discrepancy. For instance, the names of voter No. 33 (husband) and voter No. 34 (wife) were not on the list of electors for Hill-Young Township but had paid their poll taxes in Pulaski County and were listed among the 4,652 names entered as eligible voters of ward 2 in the city of North Little Rock. The address of the couple was correctly entered opposite their names in the register of voters. In another instance the first name of voter No. 13, living on Route 1, North Little Rock, was entered in the register of voters whereas he was entered on the list of electors for Hill-Young Township according to his initials. Another couple, voters No. 38 (husband) and No. 39 (wife) also of Route 1, North Little Rock, appeared at the polls together and their names were entered on the register of voters as Mr. and Mrs. under the initials of the husband. An examination of the list of electors for Hill-Young Township shows the wife's name correctly entered on page 50 as Mrs. with husband's initials and correct address. The name of the husband with correct address is also entered directly above that of his wife in the list of electors but his middle initial is erroneously printed "C" rather than "S."

The name of voter No. 58 did not appear in the list of electors for Hill-Young Township but she did pay the poll tax and her name with address is entered in the list of voters for Campbell Township. The name of voter No. 59 was entered in the register of voters as Mrs. with correct initials of her husband but her last name was incorrectly spelled with an "A" for an "O". Her correct name with address appears in the list of electors for Hill-Young Township at page 42.

FINAL RECAPITULATION

The final analysis of the action by the subcommittee shows that all ballots were considered as valid where the name of the write-in candidate had been properly written in or placed on the ballot by sticker. The total of such ballots counted for Dale Alford was 28,385. Also accepted were 19 absentee ballots which were cast for Alford in Pope County—55 of such ballots were counted for Brooks Hays.

Of the 3,408 questionable ballots, the subcommittee determined that 937 ballots were invalid and should be counted for neither candidate. The remaining questionable ballots were determined valid, Alford receiving 1,843 and Hays receiving 628. These were accordingly added to the totals for each candidate, and the final recapitulation was as follows:

	Invalid	Dale Alford	Brooks Hays
Write-in ballots		18, 835	
Sticker ballots		9, 550	
Pope County absentee ballots		19	55
Regular ballots			28, 066
Final determination concerning 3,408 ballots about which some question initially existed	937	1, 843	628
Total	937	30, 247	28, 749
Plurality for Dale Alford	1,498		

Conclusions

Living under a representative form of government our people enjoy a freedom that was not easily attained in the beginning, and daily becomes even harder to preserve. This body, the United States House of Representatives, historically represents the people. No person can become a Member of this House without having first been elected by the people whom he or she represents. Therefore, it is incumbent upon the people to guard with judicious care the election processes that have been established for recording their choice of Members of this body.

This investigation revealed that the election officials in the several counties of the Fifth Congressional District of Arkansas are not in agreement in their interpretation of many of the provisions in the Arkansas election laws, and this committee is hopeful that the factual details presented herein may be of assistance in showing some of those areas in the law which may be subject to clarification or amelioration by proper State legislation. Such remedial legislation would prove beneficial to the election officials and the voters alike in obviating doubts which presently exist in the interpretation and enforcement of those questionable phases of the law.

The committee is of the opinion that Dale Alford was duly elected and finds no cause to question his right to a seat in the 86th Congress.

[1] Excluding absentee ballots which were not located for Pope County.
[2] Including absentee ballots for Pope County based on certified copy of the "Abstract of all votes cast for all executive, legislative, and judicial officers at the election held in Pope County on the 4th day of November A.D. 1958" filed in the office of the secretary of state.

JUNE 30, 1959.

I hereby certify that, to the best of my knowledge, the above schedule discloses the results of the review made by the U.S. General Accounting Office staff under the direction of the Chief Clerk, and the two counsels of the Subcommittee on Elections, Committee on House Administration.

SIDNEY F. HECKER, CPA (Louisiana).

SCOPE OF THE GENERAL ACCOUNTING OFFICE WORK FOR THE SUBCOMMITTEE ON ELECTIONS OF THE COMMITTEE ON HOUSE ADMINISTRATION IN THE INVESTIGATION OF THE ALLEGED IRREGULARITIES IN THE ELECTION OF NOVEMBER 4, 1958, IN THE FIFTH CONGRESSIONAL DISTRICT OF ARKANSAS

The examination was made during the period June 22 through June 29, 1959, under the direction of members of the Subcommittee on Elections and three committee staff members, by General Accounting Office accountants from three regional offices as listed below:

New Orleans regional office:
Sidney F. Hecker, supervisory accountant.
Ronald S. Wascom, auditor.
Algene Vance, auditor.
Walter B. Agnew, accountant.
Kansas City regional office:
Lee Newton, auditor.
Dan Allis, accountant.
Dallas regional office:
W. G. Llewellyn, auditor.
Ernest R. Frosch, accountant.
Sidney F. Hecker, CPA, was in charge of the General Accounting Office staff members.

The ballots were at all times in the custody of the committee staff members. The ballots of Yell County were examined in Danville, Ark., in the presence of Mr. Fay Mathis, county clerk, Yell County, under the direction of Representatives Lesinski and Curtin, and committee staff members. The ballots of Pulaski, Conway, Faulkner, Perry, and Pope Counties remained in room 521 of the Federal building, Little Rock, Ark., during the entire examination.

The procedures followed in making the examination were:

Summary of procedures

1. Examined and separated by category.
2. Counted.
3. Recorded.
4. Bundled and tagged.
5. Returned to box.
6. Box labeled.
7. Recorded on summary analysis sheet by county.

Detailed procedures

1. The ballots were separated by teams of General Accounting Office accountants into categories as follows:

(*a*) Brooks Hays.
(*b*) Dale Alford write-in.
(*c*) Dale Alford sticker.
(*d*) No vote for Congress.
(*e*) Questionable ballots.

Criteria for categories

(*a*) *Brooks Hays.*—"X" in the square opposite his name.

(*b*) *Dale Alford write-in.*—"Dale Alford," "Dr. Dale Alford," or "Doctor Dale Alford" written in the space provided below Hays name, and "X" in the square opposite write-in.[1]

(*c*) *Dale Alford sticker.*—Dale Alford sticker (see exhibit, p. 50) placed in the congressional section of the ballot; provided there was no evidence of any mark in the square opposite Hays' name.

(*d*) *No vote for Congress.*—No marking in congressional section of the ballot.[2]

(*e*) *Questionable ballots.*—All ballots not covered in the above four categories. Schedule A includes examples of some questionable ballots.

2. After the categories had been separated, each of them was counted.

3. The results of the count were recorded on an individual worksheet for each box. Shown also were the "Tally sheet," "Certificate of judges and clerks," and "Register of voters," or noted if not available. Differences between the certified count and the General Accounting Office count were shown.

4. Each category of ballots was bundled and tagged. The tag indicated the category and number. The "questionable" category was identified as to county and box.

5. With the exception of the "questionable" category, all ballots were returned to the ballot box. "Questionable" bundles were to be taken to Washington. The other items, certificate, etc. were returned to the place found, unless otherwise indicated on the worksheets.[3]

6. The box was labeled to show the General Accounting Office accountants making the count and the date of count.

7. Individual worksheets were summarized on a summary analysis sheet by box, ward, township, and county by the General Accounting Office supervisory accountant in charge.

Summary of ballot analysis

The individual worksheets are summarized in the same order as listed in the abstract; by township, ward, and box. The columnar headings are the same as the individual worksheets. Totals are shown for:

Ward.
Township.
Absentee.
County.

Numbers in the left margin in red* are cross indexes to the individual worksheets for that county and the number on the gummed label placed on the box. The black numbers represent a numerical count of the boxes. In the second column, the initials designate the General

[1] Some ballots were counted for Dale Alford if they were written other than "Dale Alford," "Dr. Dale Alford," or "Doctor Dale Alford," but at least had "Alford." First names other than "Dale" or a misspelled attempt, such as "Dayle or Dail" were accepted with OK by a committee member or committee staff member. Twenty-three boxes, with 4,079 General Accounting Office counted ballots for Alford, were possibly affected. After later clarification by committee staff members, only variations included in (*b*) were accepted.

[2] The accountants from the Kansas City regional office included several ballots marked for candidates other than Hays and Alford; such as "John Doe."

[3] Since the Yell County ballots could not be moved, illustrations and exact copies were made of the "questionable" ballots. See sheets attached to the individual worksheets for Yell County.

*Wherever "red" appears, reference is had to the color of the original markings used by the accountants in the original report.

Accounting Office regional office and the last name of the accountants analyzing that box. The red tick mark (√) in column 7 designates that the questionable ballots were properly bundled and tagged for shipment to Washington.

The county totals from the above summaries are restated on a "county summary," using the same format as the individual worksheets.

The six counties are also summarized on a "district summary" totals using this format.

Procedures for preparing questionable ballots for shipment to Washington

The questionable ballots were removed from the ballot boxes and counted again. This count was verified to the "summary analysis sheets." A red tick mark (√) was placed in column 7 of the "summary analysis sheets" to designate that the questionable ballots had been recounted and prepared for shipment to Washington. The questionable ballots were properly identified as to county, township, ward, precinct, and the number of questionable ballots.

The gummed label on the ballot box was numbered to correspond to the number on the "summary analysis sheet" and the individual worksheets.

The questionable ballots were then placed in a box for shipment. Pulaski County required five boxes and Conway, Faulkner, Perry, and Pope Counties required one box each for a total of nine boxes. As stated elsewhere, the questionable ballots from Yell County were not taken to Washington. The contents of each box were marked on the outside of the box.

The ballot boxes were then sealed with a U.S. House of Representatives seal, or a Subcommittee on Elections stamp.

SCHEDULE A. EXAMPLES OF QUESTIONABLE BALLOTS

1. Any mark other than "X" in the square opposite Hays name.
2. Marks in both squares in the congressional section of the ballot.
3. Misspelled attempts to write in "Dale Alford."
4. "Alford," "D. Alford," "Dr. Alford," "Doctor Alford," or "Mr. Alford."
5. "Dale Alford," "Dr. Dale Alford," or "Doctor Dale Alford" written in correctly but no mark in the square opposite the write-in.
6. "Dale Alford," "Dr. Dale Alford," or "Doctor Dale Alford" written in correctly, but "X" in the square opposite Hays name.
7. "Dale Alford," "Dr. Dale Alford," or "Doctor Dale Alford" written in correctly, but mark other than "X" in square opposite the write-in.
8. Any erasures or strikeovers which cast doubt as to the intent of the voter.
9. Mark in the square opposite write-in line but no name written in.
10. Type of instrument used to mark Congress choice not the same as one used to mark remainder of ballot.
11. First names other than "Dale." (Example: "Paul Alford.")
12. "Dr.," or "Doctor" written in, "X" in the square opposite write-in.
13. Top of ballot torn off, which would identify county, township, etc.
14. Stub of ballot still attached cr clipped to ballot.
15. Sticker placed outside congressional section of ballot.
16. Stub of sticker placed in congressional section of ballot.
17. Entire sticker placed on ballot.
18. Sticker correctly placed, mark in square opposite Hays name.
19. Write-in votes for persons other than Alford. (Example: "John Doe.")
20. "X" marked other than in printed square.
21. Name written in but in place other than below Hays' name but within congressional section of ballot.
22. "Democrat" or other writing added to "Dale Alford" with "X" in square opposite write-in.

General Accounting Office review of official records of results of the election of Nov. 4, 1958, in the 5th Congressional District of Arkansas

County	According to abstracts of all votes cast, official				Difference [2]	
	Totals as shown		Totals per GAO computation			
	Hays	Alford	Hays	Alford	Hays	Alford
Conway	3, 042	774	3, 042	774	0	0
Faulkner	2, 694	2, 307	2, 694	2, 307	0	0
Perry	484	728	484	728	0	0
Pope	2, 297	1, 678	2, 299	1, 663	+2	−15
Pulaski	18, 504	24, 026	18, 506	24, 026	+2	0
Yell	2, 462	1, 226	2, 462	1, 226	0	0
Total	[1] 29, 483	[1] 30, 739	[2] [3] 29, 487	[2] [3] 30, 724	+4	−15
	1, 256		1, 237		------	------

[1] Agrees with totals per "Abstract of all votes cast" as filed in the Office of the Secretary of State.
[2] Overall total of county totals obtained by GAO by rechecking addition of individual box figures on abstracts filed in the office of the secretary of state, Mr. C. G. "Crip" Hall.
[3] According to GAO review of "Certificates of judges and clerks" where available, and where not, the abstract copies in the "Special Committee * * *," the results were:

Alford	30, 722
Hays	29, 456
Difference	[4] 1, 266

[4] See GAO tabulation from data obtained in making box-by-box ballot count, to identify location of differences.

Hays	155	155	150	--------
Alford	38	28	31	--------
Total	193	183	181	193
Questionable	--------	--------	12	--------
Total	--------	--------	193	--------

[1] Count as shown on certificate of the judges and clerks.
[2] Reconciling figure put in by GAO; represents the difference between the votes tallied for each candidate and the total number of voters.
[3] Apparently these 10 votes represents an error on the count on the certificate of judges and clerks because the tally sheet shows 10 more votes counted than the certificate and our count shows a total of 193 votes cast.

NOTE.—Figures in parentheses are over GAO count.

				Hays	Alford			
					Write-ins	Sticker		
	Jacksonville Township:							
3	Ward 1	NO; HW	18	54	71	131	24 √	298
4	2	KC; NA	27	109	[3] 122	87	17 √	362
1	3	D; LF	36	194	[3] 159	39	32 √	460
	Total for township		81	357	352	257	73	1, 120
77	Sherwood Township	KC; NA	10	79	130		9 √	228
	Grand total for county		1, 346	17, 569	15, 007	7, 411	2, 180	43, 513

[1] For boxes worked before GAO detail paper No. 53, sticker votes for Alford were not always put in the questionable group if the 2d part of the sticker was separately affixed in the congressional box. After No. 53, such were put in the questionable group.

[2] "Abstract of all votes cast * * *" in "Special Committee To Investigate Campaign Expenditures, 1958, House of Representatives" has the votes certified from Little Rock ("1B1") those in the box labeled "1B2" on the box tag and those certified from the box marked "1B1" are shown on the abstract as "1B2." We identified them as shown on the boxes from which they came.

[3] Some ballots were counted for Dale Alford if they were written other than "Dale Alford" or "Dr. Dale Alford" but at least had "Alford." First names other than "Dale" or a misspelled attempt, such as "Dayle," "Dail," etc., were accepted with O.K. by a committee or committee staff member. 23 boxes, with 4,079 GAO counted ballots for Alford, were possibly so affected. After later clarification by committee staff members, only "Dale Alford," "Dr. Dale Alford," or "Doctor Dale Alford" were accepted; other variations were questioned.

[4] "Abstract of all votes cast * * *" in "Special Committee To Investigate Campaign Expenditures, 1958, House of Representatives" shows these boxes identified, but circled or in parentheses, and no figures are recorded to show votes. Apparently boxes were prepared but not used. GAO did not find the unused boxes in room 521.

[5] 2 boxes were used, A-1 and A-2. In box A-1, GAO counted 60 less ballots than the number of voters on the register. In box A-2, GAO counted 60 more ballots than the number of voters on the register. On June 26, 1959, Mr. Peters, Pulaski County clerk, stated that it is not uncommon since both boxes were in the same polling place and some voters are entered on 1 register and by mistake the ballot is put in the other box. (See notes on individual GAO papers.)

[6] Register has 57 names (total 342) more and abstract has 193 more votes (total 288) than GAO count of ballots.

[7] Register has 285 names more and abstract has 95 more votes than GAO count of ballots.

[8] Ballots were in box labeled "2D2." (See note on detail GAO paper.)

NOTE.—Figures in parentheses are over GAO count.

[44]

Hill-Young, E

	Brooks Hays	Dale Alford			No vote for Congressman	Questionable ballots	Total
		Write-ins	Stickers	Total			
GAO	35	51	3	54	0	5	94
(1)	40	------	------	58	(2)	0	98
Difference	(5)	------	------	(4)	--------	5	3(4)

	Tally sheet shows—	Certificate shows—	GAO count	Number of voters on register
Hays	40	40	35	--------
Alford	4 58	58	54	--------
Total	98	98	89	94
Questionable	--------	--------	5	--------
Total	--------	--------	94	--------

1 Count as shown on certificate of the judges and clerks.

2 Reconciling figure put in by GAO; represents the difference between the votes tallied for each candidate and the total number of votes certified.

3 The GAO count of ballots received equals the number of voters on the register. On p. 143, Report of Proceedings, hearing held June 5, 1959, states that 98 votes were certified as compared to only 94 names on the register. According to the GAO count only 94 ballots were received. The same reference also refers to 18 votes received being ineligible in the Hill-Young township. At this time we are unable to determine whether the statement is correct.

4 Total on tally sheet shows 58 votes for Alford, but a recount of their marks disclosed that the total for Alford should have been 53.

NOTE.—Figures in parentheses are over GAO count.

No vote	--------	15	16	--------
Questionable	--------	--------	22	--------
Void	--------	--------	1	--------
Total	--------	500	[3] 500	--------

[1] Count as shown on certificate of the judges and clerks.
[2] No vote.
[3] Includes 1 void ballot.

NOTE.—There were actually 2 void ballots but only one was given a number corresponding with the register of voters; the other one was not numbered and evidently not counted.

NOTE.—Figures in parentheses are over GAO count.

[61]

North Little Rock, 2A

	Brooks Hays	Dale Alford			No vote for Congressman	Questionable ballots	Total
		Write-ins	Stickers	Total			
GAO	115	10	133	143	10	8	[1] 276
(2)	119			145	[3] 12		[1] 276
Difference	(4)			(2)	(2)	8	0

	Tally sheet shows—	Certificate shows—	GAO count	Number of voters on register
Hays	119	119	115	
Alford	145	145	143	
Total	264	264	258	[1] 276
No vote			10	
Questionable			8	
Total			276	

[1] Includes 2 void ballots, we think. We did not identify which classification the void ballots may have been counted in.
[2] Count as shown on certificate of the judges and clerks.
[3] Reconciling figure put in by GAO; represents the difference between the votes tallied for each candidate and the total number of voters.

NOTE.—In scanning the register of voters, we noted that the name for Nos. 87 and 199 had been lined out and marked void. Since we could not find any void ballots there must have been 2 void counted.

NOTE.—Figures in parentheses are over GAO count.

Total	--------	--------	739	--------

[1] This box apparently mislabeled; no register of voters or certificate of judges could be found. The register of voters for precinct 2E, North Little Rock, agrees with the number of voters for our count found in box labeled "2D2" and affidaint of first voter signed by election judge found in box 2D2 agrees with certificate of judge's signature for precinct 2E. Box 2D2 was therefore relabeled "2E" by GAO below the PCEC label. Per abstract of vote, there is no North Little Rock 2D2.

[2] Count as shown on certificate of the judges and clerks.

[3] Reconciling figure put in by GAO; represents the difference between the votes tallied for each candidate and the total number of voters.

[4] No tally sheet.

NOTE.—Figures in parentheses are over GAO count.

[72]

86TH CONGRESS } HOUSE OF REPRESENTATIVES { REPORT
1st Session } { No. 1173

DISPOSITION OF SUNDRY PAPERS

SEPTEMBER 8, 1959.—Ordered to be printed

Mr. THOMPSON of New Jersey, from the Joint Committee on Disposition of Executive Papers, submitted the following

REPORT

[Pursuant to 59 Stat 434 and 63 Stat. 377]

The joint select committee of the Senate and House of Representatives, appointed on the part of the Senate and House of Representatives and acting in compliance with the provisions of the act approved July 7, 1943 (57 Stat. 380), as amended by the act approved July 6, 1945 (59 Stat. 434) and the act approved June 30, 1949 (63 Stat. 377), respectfully reports to the Senate and House of Representatives that it has received and examined the report of the Archivist of the United States No. 60–5, dated September 1, 1959, to the 86th Congress, 1st session, submitting the following lists or schedules covering records proposed for disposal by the Government agencies indicated:

Job No	Agency by which submitted	Job No.	Agency by which submitted
II-NNA-3071	Department of State.	II-NNA-3108	Department of the Treasury.
II-NNA-3094	Department of the Army.	II-NNA-3109	Do.
II-NNA-3098	General Accounting Office.		

Your committee reports that the records proposed for disposal in the said lists or schedules reported by the Archivist of the United States do not, or will not after the lapse of the period specified, have sufficient administrative, legal, research, or other value to warrant their continued preservation by the Government and recommends that their disposal be accomplished subject to the proviso of section 6 and the provisions of section 9 of the aforementioned act, as amended.

Respectfully submitted to the Senate and House of Representatives.

FRANK THOMPSON, Jr.,
WILLARD S. CURTIN,
Members on the Part of the House.

OLIN D. JOHNSTON,
FRANK CARLSON,
Members on the Part of the Senate.

MINERAL LEASING ACT OF FEBRUARY 25, 1920

SEPTEMBER 9, 1959.—Ordered to be printed

Mr. ASPINALL, from the committee of conference, submitted the following

CONFERENCE REPORT

[To accompany S. 2181]

The committee of conference on the disagreeing votes of the two Houses on the amendments of the House to the bill (S. 2181) to amend the Mineral Leasing Act of February 25, 1920, having met, after full and free conference, have agreed to recommend and do recommend to their respective Houses as follows:

That the Senate recede from its disagreement to the amendments of the House numbered 1, 2, 3, 4, and 5, and agree to the same.

That the Senate recede from its disagreement to the amendment of the House numbered 6, and agree to the same with an amendment as follows:

In lieu of the language inserted by the House insert:

SEC. 2. The rights granted by the second and third sentences of the amendment contained within section 1 of this Act shall apply with respect to any proceeding now pending or initiated after the date of enactment of this Act.

And the House agree to the same.

WAYNE N. ASPINALL,
WALTER ROGERS,
THOMAS G. MORRIS,
JOHN P. SAYLOR,
J. ERNEST WHARTON,
Managers on the Part of the House.
